

US Acute Care Solutions

FREE OFFERINGS FOR YOUR RESIDENTS AND PROGRAM

ACADEMIC EVENTS

We at USACS would love to coordinate an academic event for your Residents.

We have a variety of offerings:

Journal Clubs - We have Physician-scientists and researchers who can share unique perspectives by applying skills in scientific analysis to the practice of real-world, community-based emergency, hospital, and critical care medicine.

[Click here](#) for more information.

Didactics - To support the ongoing education of Residents in your program, we will gladly sponsor the lunch and speaker for your upcoming didactic session.

Speakers Bureau - One of our national speakers can travel to your program to discuss a wide range of clinical and professional topics. Professional topics include clinical documentation, employment contract evaluation, financial literacy, medical malpractice, quality improvement, long-term career success, state of the industry, innovation, and more. We charge no travel fees or honoraria for our talks. [Click here](#) for more information.

Since 2022, we have hosted our annual renowned Senior Resident & Fellow Forum for PGY 2-4 Residents. The agenda is designed to make the transition from Resident to successful Attending as smooth as possible. Attendees engage with our Senior Physician leaders to learn more about how to have a fulfilling career by navigating the challenges of an ever-evolving healthcare environment.

VIRTUAL GRAND ROUNDS

We began conducting our USACS Virtual Grand Rounds in response to the COVID-19 pandemic. We at USACS serve as primary faculty for nine EM residency programs. Twice a year, we hold a shared didactic session, inviting medical students, Residents, faculty, and guest lecturers to debate topics important to the practice of medicine today. Participants take part in abstract competitions, lightning chats, and even a virtual escape room, making the sessions both engaging and educational. In the last year, we have invited residencies outside USACS to participate as well, and we're open to discussing that option with you and your residency leaders.

SOCIAL EVENTS

As fellow Physicians, we recognize the importance of a healthy work-life balance. That's why we schedule social events that allow Residents to enjoy themselves while networking with a broad group of future colleagues—ranging from Physicians recently out of residency to Physician leaders with decades of clinical and business experience. Help your Residents take a break from the daily demands of residency to experience our laid-back and authentic USACS culture.

Options to consider include:

- **Local Dinners**
- **Wellness Events** (mountain biking, an evening of yoga, hiking, etc.)
- **Sporting Events** (baseball, football, hockey, etc.)
- **Leisure Activities** (axe throwing, fishing, go-kart racing, bowling, etc.)

Do you already have an event in mind or scheduled? Let us sponsor it for you!

For more information on any of the events listed or to set up an event of your choice, please contact: residents_fellows@usacs.com

WHY **USACS**

We at US Acute Care Solutions (USACS) are the leading Clinician-centric practice in emergency, hospital, and critical care medicine.

Caring for our patients and promoting our Physicians' careers are our greatest strengths. This ideal has propelled us to care for more than 11 million patients annually at more than 400 programs across the nation. Our continued growth is a sign of our success in patient care and Physician advancement.

We at USACS banded together as a group of small, democratic Physician practices. As such, we know what is important to ourselves as Physicians, so we offer best-in-class benefits and ongoing training to help Residents excel as they begin their careers.

Financial Benefits:

- \$100,000 equity ownership for all full-time Physicians after 3 years of service
- Industry-leading 10% company-funded 401(k) up to IRS limit of \$36,000
- Comprehensive medical, dental, vision, and Rx coverage
- Short- and long-term disability (own occupation)
- \$4,000 tax-free CME/BEA annually
 - o \$8,000 plus your state and DEA license, in year one for new graduates
- Unmatched medical malpractice with tail and litigation support
 - o Our claims are less than ½ the national average!
- Pioneering 100% paid military leave
- Groundbreaking 100% paid parental leave

Intangible Benefits:

- Location flexibility and career stability of a national group
- National Clinical Governance Board (NCGB) of internally elected Physicians
- Clinical Management Tools (CMTs)
- 24/7/365 live Physician support
- USACS Annual Assembly
- Professional Development Programs including:
 - o Scholars (Leadership Training)
 - o Efficiency Academy
 - o Engagement & Experience Academy
- Internal USACS STAT Traveling Physicians
- Opportunities to participate in international medical operations through USACS Medical Missions
