

FREE OFFERINGS FOR YOUR RESIDENTS AND PROGRAM

ACADEMIC EVENTS

USACS would love to coordinate an academic event for your residents.

We have a variety of offerings:

Journal Clubs – We have incredible physician-scientists and researchers who can share their unique perspectives and provide insight into their groundbreaking work.

Didactics – To support the ongoing education of residents in your program, we will gladly sponsor the lunch and/or speaker for your upcoming didactic session.

Speakers Bureau – Offering a wide range of topics, one of our engaging speakers will lead an informative discussion on the topic of your choice.

senior resident forum

Each year, we host our renowned Senior Resident Forum for any senior resident to attend. The agenda is designed to help make the transition from resident to successful attending physician as smooth as possible. Attendees receive guidance and engage with top leaders to learn more about the demands of a challenging and evolving healthcare environment.

VIRTUAL GRAND ROUNDS

We began offering Virtual Ground Rounds in response to the COVID-19 pandemic. They continue to be held twice per year, inviting medical students, residents, USACS faculty, and guest lecturers to debate topics important to the practice of medicine today. Participants engage in abstract competitions, lightning chats, and even a virtual escape room, making the sessions both engaging and educational!

SOCIAL EVENTS

As fellow physicians, we recognize the importance of a healthy work-life balance. That's why we schedule social events that allow residents to enjoy themselves while networking with a broad group of future colleagues—ranging from physicians recently out of residency to clinical and business leaders with decades of service. Help your residents take a break from the daily demands of residency to experience our legendary USACS culture.

Options to consider include:

- **Local Dinners**
- **Wellness Events** (i.e. mountain biking, an evening of yoga, hiking)
- **Sporting Events** (i.e. baseball, football, hockey, fishing)
- **Leisure Activities** (i.e. axe throwing, go-kart racing, bowling)

Do you already have an event in mind or scheduled?

Let us sponsor it for you!

For more information on any of the events listed or to set up an event of your choice, please contact: residents_fellows@usacs.com.

WHY USACS

US Acute Care Solutions (USACS) is the largest physician-owned provider of hospital-based emergency and inpatient medicine, including several specialties from emergency, hospitalist, and critical care medicine.

Concern for our patients — and for our fellow team of clinicians — is our greatest strength. This ideal has propelled us to serve more than 10 million patients annually at more than 400 programs across the nation. And we're still growing.

In addition to ownership and camaraderie, USACS offers competitive benefits and ongoing training to help residents excel as they begin their careers as attending physicians.

Financial Benefits:

- \$75,000 equity ownership for all full-time physicians after 2 years of service
- Industry-leading 10% company funded 401(k) up to \$35,000
- Comprehensive medical, dental, vision, and Rx coverage
- Short- and long-term disability (own occupation)
- \$4,000 tax-free CME/BEA annually
 - \$6,500 plus your state and DEA license in year one for new graduates
- Unmatched medical malpractice with tail and litigation support
 - Our claims are less than ½ the national average!
- Pioneering 100% paid military leave
- Groundbreaking 100% paid parental leave
- Student loan refinancing as low as 2.99%

Intangible Benefits:

- Location flexibility and career stability of a national group
- National Clinical Governance Board (NCGB) of internally elected physicians
- Clinical Management Tools (CMTs)
- 24/7/365 live physician support
- USACS Annual Assembly
- Professional Development Programs including:
 - Scholars (Leadership Training)
 - Efficiency Academy
 - Engagement & Experience Academy
- Internal USACS STAT traveling physicians

ACADEMIC LEADERS

Amer Aldeen, MD, FACEP

Chief Medical Officer

Residency: McGaw Medical Center (FKA Northwestern University), 2006

As the Chief Medical Officer, Dr. Aldeen is responsible for education, safety, quality, innovation, risk management, recruiting, research, clinician engagement, and patient experience.

Roya Caloia, DO, MPH, FACEP

National Director of Clinical Education

Residency: William Beaumont Hospital (Michigan State University), 2011

As the National Director of Clinical Education, Dr. Caloia shapes the academic and training initiatives for USACS physicians and APPs, while also serving as the Vice Chair of the National Clinical Governance Board.

Orion Colfer, MD, FACEP

National Director of Professional Development

Residency: The University of Virginia School of Medicine (University of Virginia Hospitals), 1999

As the National Director of Professional Development, Dr. Colfer focuses on elevating patient experience, provider engagement, and career progression for our clinicians, while also leading the USACS Scholars Program, designed to train future physician leaders.

Jesse Pines, MD, MBA, MSCE

Chief of Clinical Innovation

Residency: The University of Virginia School of Medicine (University of Virginia Hospitals), 2004

As the Chief of Clinical Innovation, Dr. Pines leads cutting-edge efforts in alternative payment models, telemedicine, and research, while also presiding as the Director of the USACS Fellowship in Clinical Innovation, a one-year mentored experience to train emerging innovators in medicine.

Angela Aboutalib, MD, FACP, DipABLM

National Quality and Education Director for Inpatient Medicine

Residency: West Suburban Medical Center, 2013

As the National Quality and Education Director for Inpatient Medicine, Dr. Aboutalib designs educational materials, monitors quality metrics, and reviews lawsuits to help clinicians reduce risk in hospital, critical care, and observation medicine.
